*Greetings Industry Partners,*

On behalf of the Rocky Mountain Vascular Society (RMVS), we are pleased to invite you to participate in our upcoming Annual Meeting. The Rocky Mountain Vascular Society draws members and attendees from across the US and Canada but it's Annual meeting always retains a regional feel and is focused on improving the quality and practice of vascular surgery as a specialty in the Rocky Mountain region and beyond. This meeting brings together vascular and endovascular surgeons, trainees, and multidisciplinary care team members from across the Rocky Mountain region and the surrounding areas nurturing quality discussion and high level networking opportunities with both vascular professionals and industry partners in an intimate setting. Building on the strong engagement and attendance from prior years, we anticipate welcoming a robust and diverse group of approximately 75-100 attendees committed to advancing vascular care.

The Industry Prospectus provides all the information needed to participate in and support the Annual Meeting. As planning continues, we encourage you to visit the RMVS website for meeting updates and additional details. Companies interested in supporting the mission of the Society at a higher level are invited to review the Support Opportunities outlined in the Prospectus. We are always happy to discuss customized partnership opportunities that align with your organization's goals.

Recognizing that the care of vascular patients is truly a team effort, RMVS continues to expand its membership to include all professionals involved in vascular care. This includes vascular surgeons, trainees, students, nurses, and allied health professionals. Non-members and other medical professionals with an interest in vascular disease are also encouraged to attend.

RMVS remains committed to expanding educational offerings and discussions around Career Development and Diversity within the field of Vascular Surgery. Our goals for the coming year include forming new committees to increase membership, enhancing the Society's visibility throughout the regional vascular community, strengthening relationships and collaboration with industry partners.

We look forward to an exciting and productive year ahead for the Society.

*Sincerely,*
